

PLENTY OF PLACES TO GET A DRINK

But Not Much Kick Contained
in Any of the
Drinks.

Deputy Sheriff Ed Phillips ridicules the statement often made that it is impossible to get a drink in Marion county. "There ought to be no difficulty for the thirsty ones to get a drink in Marion county," declared Mr. Phillips, "for we issued 140 licenses to soft-drink establishments in July alone, which makes a total number of licenses issued for the selling of soft drinks 260 at this time. Figuring that there are 52,000 people in the county, this makes a soft-drink place for every 390 people and that should certainly meet the requirements of the thirst for there are old fashioned folks who have never accustomed themselves to soda grills or addicted themselves to the coco cola habit."

The anti-tobacco crusade has not yet made much headway in Marion county for there had been 329 tobacco and cigarette licenses issued up to July 31. It is noticeable that more than fifty of these dealers have Italian names. Licenses have been issued to forty pool rooms, to 33 restaurants, to 13 drug stores, for six slot machines and 43 miscellaneous licenses which include theatres, junk dealers, real estate men, auctioneers, peddlers and retail firearm dealers.
